

Dr. Chirag Singh is a distinguished academic, researcher, and dynamic innovator, currently working as an Associate Professor in the Department of Product Design at Dada Lakhmi Chand State University of Performing and Visual Arts, Rohtak, Haryana. With a robust career spanning over 15 years in teaching and research across Mechanical Engineering and Design, Dr. Singh has carved a niche for himself as a beacon of expertise and ingenuity in these fields.

Fuelled by a passion for innovation, Dr. Singh's research pursuits converge on ergonomics, cutting-edge product design, and advanced mechanical systems, blending seamlessly with his rich academic foundation and professional acumen. His impressive scholarly contributions include eight impactful research papers in prestigious international peer-reviewed journals and presentations of three thought-provoking papers at globally recognized conferences.

An inventor at heart, Dr. Singh's groundbreaking work has been honoured with national and international patents, underscoring his relentless drive to push boundaries and redefine design and technology paradigms.
